

Samsung SGH-X495 Keypad Replacement

To replace the keypad if numbers are worn off.

Written By: Matthew Hove

TOOLS:

- [Phillips #00 Screwdriver](#) (1)
 - [iFixit Opening Tools](#) (1)
-

Step 1 — Motherboard

- Remove the ribbon wires connecting to the screen using the pry tool.

Step 2

- 2 tabs hold the motherboard in place.
- Release the labeled tabs with the pry tool from the location shown.

Step 3

- Separate the motherboard from the phone.

Step 4 — Keypad

- Key pad is readily removable.
- A view of the mother board with keys, keypad, and the phone's body.

To reassemble your device, follow these instructions in reverse order.
